

Big Art Challenge

Big Art Challenge

Trace shadows in white chalk from any object that you have in the playground – a tree, a ball or even a flower.

Watch how this changes over the course of the day.

Big Art Challenge

Using only natural materials found in your outdoor area, can you create a life-sized self portrait?

Try to make this as realistic as possible – look at shades of colours in nature to make it look more realistic.

Big Art Challenge

Work with a partner or group. Use PE equipment to create the scene of a game. Ask your friends to guess which game you have decided to create.

Big Art Challenge

Find materials in your outdoor area that can represent the four seasons. Arrange these in four sections. Ask your friends to guess which season each section represents.

Big Art Challenge

Using ice cubes coloured with natural food colouring, decorate the outdoor area. Ask your teacher which areas are suitable for colouring – how colourful can you make the area?

Big Art Challenge

Create a giant picture of a child in your school uniform. Use the materials provided to ensure that you use the correct colours and try to add your school badge!
